

Istanbul, Sulukule

vendredi 27 mai 2011, par [Fatih Pinar](#)

They killed Sulukule. Again they won. Sulukule, with its culture of hundreds of years is taken from its real owners and given to the rich investors to create a new and artificial “*disneyland*”. Now the last inhabitants are walking in the dust of the destruction and looking for their lost memories together with things like iron tools and copper cables.
